

ZYLKENE

Antistress nutritional supplement based on alpha-dog casozepine and cats

ORSCO Veterinary Laboratory

Composition

Palatable powder into capsules.

• Zylkene ® 75 mg:

Tryptic digest of casein-alphaS1 *: 75 mg

Excipient q.s.p. 1 capsule

• Zylkene ® 225 mg:

Tryptic digest of casein-alphaS1 *: 225 mg

Excipient q.s.p. 1 capsule

• Zylkene ® 450 mg:

Tryptic digest of casein-alphaS1 *: 450 mg

Excipient q.s.p. 1 capsule

* Patented bioactive peptide

Properties

Continued exposure to stress can cause nuisances in the absence owner (vocalization, destruction, scratches), or disorders in behaviour, varied food or digestive problems (bulimia, nausea), emissions urinary or fecal inappropriate fears and phobias, reduced exploratory behavior, threatening behavior or defensive, or still stereotypies (licking of the extremities, dizzy), etc..

Zylkene ® was developed to help pets during periods of stress or stressful situations, such as stand alone, to face a new environment, new people, a new companion or in periods of, lactation, weaning, vacation, while traveling by car, or other change in habits of the animal ...

Zylkene ® has undergone several years of collaborative research with leading scientific institutes and has been tested with veterinary behaviorists. It contains a molecule and innovative patented alpha-casozepine. This is the result of bioactive decapeptide milk protein by tryptic hydrolysis of casein-alphaS1. In the dog and cat, alpha-casozepine has antistress properties no side effects at a daily dose of 15 mg / kg tryptic hydrolyzate of casein-alphaS1. His job security has been validated in studies of acute and chronic. His Efficacy was demonstrated in multicenter clinical trials comparative, randomized and blinded in dogs and cats.

Zylkene ® has no side effects and can be used so extended safely without sedation, disinhibition, or digestive, urinary, or heart.

Zylkene ® is a palatable powder, soluble in water, packaged in a capsule. His tiny lactose ('lactose free') it provides excellent feeding tolerance.

Use

In dogs and cats: support in states of stress or Prevention of stress predictable.

Zylkene ® promotes a smooth and rapid adaptation to all Situations change.

Orally.

- Cats, dogs less than 5 kg:

Zylkene ® 75 mg: 1 capsule per day.

- Cats, dogs 5 to 10 kg:

Zylkene ® 75 mg: 2 capsules per day.

- Dogs 10-20 kg:

Zylkene ® 225 mg: 1 capsule per day.

- Dogs 20-40 kg:

Zylkene ® 450 mg: 1 capsule per day.
